

LINKEDIN REBUILD

[Client Full Name]

*A paste-ready rebuild of your profile,
calibrated for the search you're running.*

PREPARED BY

[Company Name] Team

DELIVERED

[Delivery Date]

ONLINE

[companywebsite.com]

What we changed, and why.

HOW TO READ THIS

Paste-ready, top to bottom.

Each section that needs an action shows the exact text in a **copy block**, then a **Why It Works** note explaining the call.

Work through it in order, or jump to the section you want to tackle first. Variables in **[brackets]** are swap points.

[Client first name], here's your full LinkedIn rebuild.

We've targeted **[target role]** roles at **[target company type or industry]**, consistent with the resume rebuild we delivered [when].

You confirmed you're conducting **[an active / a passive]** search [context note]. Every recommendation in this rebuild is calibrated for that constraint.

[2–3 sentences explaining how active/passive status shaped the rebuild — what we leaned into, what we held back, and which surfaces we prioritized for recruiter discoverability versus inbound trust.]

Profile Photo & Banner

PROFILE PHOTO

[Assessment of current photo in 1–2 sentences. What's working, what's reading off-brief, and the one change with the most leverage.]

RECOMMENDATION

- [Recommendation 1 — framing, expression, attire calibrated to target role.]
- [Recommendation 2 — background and lighting cue.]
- [Recommendation 3 — what to avoid given the target audience.]

[One line on budget vs. DIY options.]

BANNER IMAGE

[Assessment of current banner in 1–2 sentences. Whether it's neutral wallpaper, a brand asset that no longer fits, or a missed opportunity for the target search.]

OPTIONS

- [Banner option 1 tailored to the target role.]
- [Banner option 2 — different angle, same target.]
- [Banner option 3 — fallback / safest option.]

AVOID

[1–2 lines on what to avoid — stock photos, dense text, anything that competes with the headshot.]

WHY IT WORKS

Photo and banner together are the first two seconds of every recruiter visit. We've calibrated both to the [target role] search.

Custom URL

What to update Your LinkedIn URL

Where in LinkedIn Profile → Edit public profile & URL → “Edit your custom URL”

→ COPY THIS

Primary

```
linkedin.com/in/[firstnamelastname]
```

IF TAKEN — ALTERNATES IN PRIORITY ORDER

01 linkedin.com/in/[alternate 1]

02 linkedin.com/in/[alternate 2]

03 linkedin.com/in/[alternate 3]

A NOTE ON WHAT TO AVOID

Avoid embedding company names. When you change companies the URL becomes outdated and old references to it break — every CV, email signature, and conference bio you’ve handed out points at a dead link.

Headline

What to update Your LinkedIn headline (under your name)

Where in LinkedIn Profile → Click pencil icon next to name

OLD HEADLINE

[Client's current headline, copied exactly as it appears on their profile today.]

NEW HEADLINE

→ COPY THIS

[X]/ 220

[New headline: Title | Outcome | Keywords]

WHY IT WORKS

The new headline uses the **Title | Outcome | Keyword** pattern.

[2–3 sentences explaining the title choice. Why this title and not the title currently on the profile. Recruiter-search reasoning, not aspirational.]

[2–3 sentences explaining the outcome choice. The single highest-leverage outcome the candidate has earned the right to claim, anchored to a number or scope wherever possible.]

[1–2 sentences explaining the keyword choices. Which terms a recruiter would type into LinkedIn's search to surface the candidate, and why these specifically.]

About Section

What to update Your About section

Where in LinkedIn Profile → “About” section → pencil icon

→ COPY THIS

[X]/ 2,600

[First paragraph: 150–200 characters. The hook. One sentence naming what the candidate does, plus one sentence with the flagship outcome. This is what’s visible before “See more.”]

[Second paragraph: 400–600 characters. The proof. Three to four sentences expanding on the flagship outcome and naming a second outcome. Specific scope, specific numbers.]

[Third paragraph: 300–500 characters. The approach. What the candidate cares about, how they work, and what they’re known for. One concrete behavior or principle.]

[Fourth paragraph: 200–400 characters. The connection. What kinds of conversations the candidate is open to. For active searchers, name the search. For passive, name a domain interest.]

[Fifth paragraph: 100–200 characters. The contact. Direct line on how to reach the candidate.]

Why It Works

We used the **[Operator Story / Career Pivot]** framework.

THE HOOK · FIRST 200 CHARACTERS

[2–3 sentences on the first 200 characters and the hook. Why this opening earns the click on “See more,” what specifically about it stops the scroll, and how it sets up the rest of the section.]

THE PROOF & APPROACH

[2–3 sentences on the proof and approach paragraphs. Why these specific outcomes, in this order, and why the “how they work” paragraph lands where it lands rather than at the top.]

THE CONNECTION & CONTACT CLOSE

[2–3 sentences on the connection and contact close, including why this framing fits the active/passive search status and how it filters in the right inbound and filters out the wrong inbound.]

Paste the block opposite verbatim. Don't soften the verbs, don't hedge the numbers, don't add a sign-off — LinkedIn's About is a search surface, not a letter.

Experience Entries

We've rewritten your **[number]** most recent roles below. Earlier roles are fine as they appear on your resume — copy those bullets directly without expansion.

[Role Title]

[Location] / [Remote · Hybrid · On-site]

[Company Name] · [Start] – [End]

CONTEXT PARAGRAPH

→ COPY THIS

Paragraph

[2-3 sentences naming the scope of the role, team size, business stage, and the mandate. Why was the candidate brought in? What was the bigger picture?]

BULLETS

→ COPY THIS

4-7 bullets

- [Bullet 1: strong action verb + specific work + scope/scale + outcome with metric]
- [Bullet 2: same structure]
- [Bullet 3: same structure]
- [Bullet 4 – and optional 5-7 for senior roles or substantial scope]

OPTIONAL · MEDIA TO ATTACH

[1-3 specific links, articles, or projects to attach to this role. Skip this subsection if nothing to recommend.]

Repeat the role block on the previous page for each role we're rewriting.

SAME STRUCTURE

Role identity strip, context paragraph, four to seven bullets. No exceptions.

ORDER MATTERS

Most recent role first.
Recruiters read top-down and stop at the first weak entry.

EARLIER ROLES

Lift bullets from your resume verbatim. Don't expand, don't embellish, don't apologize.

Skills

What to updateSkills section

Where in LinkedInProfile → “Skills” section → pencil icon

ROUNDING OUT · FILL TO 50 OVER TIME

TOOLS	[List of specific tools relevant to the target role.]
METHODOLOGIES	[List of methodologies and frameworks.]
DOMAIN	[List of domain / industry terms.]
FUNCTIONAL	[List of functional capabilities.]

WHY THESE SKILLS

We replaced your existing top 3 ([current top 3]) with a top 3 that maps to what a **[target role]** recruiter actually searches for. [Brief explanation of each new top-3 choice.] The new top 3 will surface you in **[seniority]**-level searches in the **[domain]** space.

Profile Settings Checklist

Run through this checklist. Each item has a one-sentence why so you understand the reasoning, not just the action.

LOCATION

SET TO [Specific LinkedIn-formatted location]

[One sentence on why this location string and not the candidate's actual city.]

INDUSTRY

SET TO [Specific LinkedIn industry tag]

[One sentence on why this industry tag matches recruiter filters in the target space.]

OPEN TO WORK SETTINGS

SET TO [Specific recommendation based on active vs. passive search]

[One to two sentences on visibility trade-offs for this candidate's situation.]

FEATURED SECTION

ADD [1–3 specific pieces — talks, articles, projects, press.]

[One sentence on what these pieces signal that the rest of the profile can't.]

CONTACT INFO

ADD [Specific recommended contact methods.]

[One sentence on which channel recruiters in this space actually use.]

CREATOR MODE

RECOMMENDED [On / Off based on candidate situation]

[One to two sentences on what creator mode gains and what it costs for this specific search.]

What to do in the next 7 days

- 01 [Specific action 1 — usually paste the new headline and About.]
 - 02 [Specific action 2 — update the custom URL before anything else changes.]
 - 03 [Specific action 3 — refresh the photo and banner per Section 01.]
 - 04 [Specific action 4 — paste the rewritten current role.]
 - 05 [Specific action 5 — paste the second most recent role.]
 - 06 [Specific action 6 — re-pin the Top 3 skills.]
 - 07 [Specific action 7 — turn on the Open to Work / contact settings as recommended.]
-

*If you only have time for two of these in week one: do **[two highest-leverage actions]**. The headline and About section drive most of the recruiter outreach you'll see in the first thirty days.*

What to do in the next 30 days

01 [Longer-term action 1.]

02 [Longer-term action 2.]

03 [Longer-term action 3.]

04 [Longer-term action 4.]

05 [Longer-term action 5.]

06 [Longer-term action 6.]

07 **Schedule a quarterly check-in with yourself.** In three months, review whether the rebuilt profile is generating recruiter outreach in your target space. If yes, the rebuild is working. If no, send us a note and we'll do a 15-minute audit pass at no charge.

QUESTIONS?

Reply to the email this PDF was attached to, or send us a note at [\[hello@companywebsite.com\]](mailto:hello@companywebsite.com). We're happy to clarify anything in this rebuild.

If you'd like a future rebuild as your career evolves, we offer returning-client pricing. Most clients come back every 18–24 months as they level up.

Good luck with the search.
